Purpose of the plan

This plan examines potential risks and issues that could cause disruption to the exams process at Bishop Vaughan Catholic School. By outlining actions/procedures to be invoked in case of disruption it is intended to mitigate the impact these disruptions have on our exam process.

Alongside internal processes, this plan is informed by the Ofqual (and Northern Ireland Council for the Curriculum, Examinations and Assessment) **Exam system contingency plan: England, Wales and Northern Ireland** which provides guidance in the publication *What schools and colleges and other centres should do if exams or other assessments are seriously disrupted* and the **JCQ Joint Contingency Plan** for the Examination System in England, Wales, and Northern Ireland

This plan also confirms Pate's Grammar School compliance with JCQ's **General Regulations for Approved Centres** (section 5.3) that the centre has in place:

- a written examination contingency plan which covers all aspects of examination administration. This will allow members of the senior leadership team to act immediately in the event of an emergency or staff absence. The examination contingency plan should reinforce procedures in the event of the centre being unavailable for examinations, or on results day, owing to an unforeseen emergency. The potential impact of a cyber-attack should also be considered.

National Cyber Security Centre

The NCSC's free [Web Check](#) and [Mail Check](#) services can help protect schools from cyber-attacks. Two NCSC cyber security services, which are already helping thousands of organisations to protect their websites and email servers from cyber-attacks, are now available to **all UK schools**. Both tools are available free of charge, are quick to set up, and thereafter run automatically. More information is available from the [NCSC website](#).

The Department for Education has been asking centres to review **National Cyber Security Centre advice** following increasing number of cyber-attacks involving ransomware infections. The NCSC information supports centres in cyber security preparedness and mitigation work.

Ransomware attacks continue and the Department is reminding centres to review the NCSC advice and to take precautions. This includes ensuring that you have backups in place for your key services and data.

For ease of reference, the Department has highlighted key links relating to the NCSC cyber security guidance below:
